

DONATION CAMPAIGN FOR 100 DONORS!

With the acknowledgement of the Non-profit organization Pangea's activity being widely supported by the citizens, we were certified to operate as the 4th certified NPO in Kyoto Prefecture. We deeply appreciate your support to this end. For the purpose of continued certification and to increase its donation revenue for the expansion of Pangea activity based on its stable running of the organization, we request our supporters with donations.

The period of certificate as the certified NPO is 5 years. For the upcoming renewal, it is critical for us to obtain ¥3,000 or more donations from annual average of 100 supporters or more.

As and when Pangea maintains its status of certified NPO, donors are entitled to the tax benefit. (see ^{NOTE1} above). Thank you so much for your understanding and support to Pangea!
